MEMORANDUM FOR: Acting Deputy Director (Support)

SUBJECT: [REDACTED] - Travel 25X1A9a

REFERENCE: Attached Message 408 From [REDACTED] 25X1A9a

25X1A9a 1. In May 1956 the [REDACTED] Bureau requested PCS travel 25X1A6a  
order for [REDACTED] permitting the return of his daughter  
in August 1956 at Government expense to go to college. [REDACTED] 25X1A9a  
planned to return to the U.S. in June 1957.

25X1A7b 2. [REDACTED] cleared this action with the Chief, Travel Branch  
25X1A9a who advised that [REDACTED] must commence travel before his  
daughter's twenty-first birthday (2 June 1957) to permit his  
daughter's travel in August 1956 at Government expense.

25X1A9a 3. While factual that [REDACTED] has been on [REDACTED] since 25X1A6a  
20 August 1952, this extension of his original two-year tour for  
an additional year in 1954, 1955 and 1956 was at his request,  
and not for the convenience of the Government.

4. The school year for Army dependent schools on [REDACTED] 25X1A6a  
ends early in June (8 June 1956). Courses may be completed and  
final tests taken as early as mid-May. [REDACTED], therefore, will 25X1A9a  
be able to travel before 2 June and still have his fifteen-year-  
old son receive credit for the school year.

25X1A9a 5. Since [REDACTED] requested to return to the U.S. in June  
1957, it was not the opinion of [REDACTED] that his required return 25X1A7b  
before 2 June 1957 constituted undue hardship or inconvenience to  
the extent that an exception to existing travel regulations  
should be requested. However, this Office will carry out whatever  
decision you reach.

GEORGE G. CAREY  
Assistant Director for Operations
